## Cole Circus Exhibits Rhinoceros

A real live jungle bred Rhinoceros is on exhibition with the Geo. W. Cole Circus this season and is creating an unusual amount of interest even among the circus folks. The rarity of the animal presents a problem in obtaining one at any price. It is claimed there are fewer than eighty in captivity today and are exhibited only in the larger zoos. To carry one on a circus traveling by truck presents almost unsurmountable problems. These animals are large at maturity weighing over three tons and six feet tall. Having little intelligence and a ferocious disposition they are most feared animal in the world. The skin is so tough that even a lion's teeth can scarcely dent it. The horn which is composed of modified hairs is used to dig roots as well as a defensive weapon. On the least pretext he snorts like a locomotive and will charge anything that moves at the rate of thirty miles per hour. They are said to be about as manageable as a full grown Oklahoma tornado. As no ordinary truck or cage would be suitable to haul an animal of this nature it was necessary to engineer and construct an armoured plated pullman for this guest with such a lovable nature. Consequently it is housed in a thirty-two foot semi-trailer, constructed of oak paneling and steel. It is so strong that even with the trailer being demolished Mr. Rhino would still be securely in his cage.

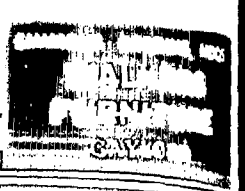

It is happy to be one of the first to exhibit an animal of this kind. In addition to the Rhinoceros they claim to have performing elephants, and a menagerie which includes lions, leopards, bears, apes, white deer, camels, giant chimpanzees and numerous other jungle animals from practically every country in the world. The high calibre of acrobats, trapeze, tight wire, aerial artists, clowns, and beautiful educated horses makes this one of the most entertaining shows on the road today. The circus will be in Grayling, on Thursday, July 5 under the auspices of the Kiwanis Club of Grayling at the City Park. There will be afternoon and evening performance.

## Idea Worthy Of Study...

"Let's get rid of the income tax!" That has been the cry of many a beleaguered citizen, after sweating his brow through the tax forms and dredging to find the way to pay the bill. Usually it is amplified with untold adjectives.

But now that has been said, in all seriousness, by authority - T. Coleman Andrews, the former commissioner of Internal Revenue. It is the title to a new article which Mr. Andrews recently contributed to the American Weekly.

Mr. Andrews denounces the income tax, as it is constituted, on just about every conceivable ground. Here, in summary, are some of the things he has to say.

The tax amounts to legalized confiscation. It beats 20 per cent and goes up to 91 per cent. A man with a \$40,000 income pays 47 times more tax than the man with a \$10,000 income. And people receiving income from dividends get even a worse deal - the corporation tax takes about half of corporation profits before they are divided among the shareholders, where they are taxed again. Mr. Andrews says: "We have failed to realize, it seems to me, that through our tax system we have been playing right into the hands of the man who has been able to get the income tax as the one instrument that will bring capitalism to its knees."

The tax is too complicated. Comparatively few people can accurately figure their tax without help. In connection, it is significant that members of Congress commonly call on Revenue Service experts to prepare their returns.

Few people, if any, really understand the tax. As an example, 20 months after the Income Tax Code of 1938 became law, the official Treasury Department interpretations had not been issued. The difficulty lies in trying to figure out what Congress meant in wording the law, and then trying to plainly express Congress' intentions.

It costs the government too much to collect. Mr. Andrews has high praise for Internal Revenue Service

personnel. But even the 50,000-plus people in the Service cannot assure adequate enforcement. It also costs the taxpayers too much. Huge sums of money go to lawyers and accountants to fill out and to defend tax returns.

It is unstable. As Mr. Andrews puts it: "Being based upon income, it's a low producer in slack times and a high producer in good times. Thus, theoretically, rates must be raised when people are least able to pay, and they may be lowered when everybody is most able to pay."

It is destroying the middle class. This is among Mr. Andrews' most serious indictments: "...the middle class is being taxed out of existence and the nation, thereby, is being robbed of its surest guarantee of continued sound economic development and growth and its staunchest bulwark against the ascendancy of socialism."

Mr. Andrews proposes the appointment of a Hoover-Commission type group to completely study the income tax and the whole tax system. Then a program can be adopted, he believes, for starting afresh. And time's a-wasting!

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

June 22, 1933

The Grayling band and several carloads of boosters left Grayling at 9 o'clock Sunday morning to attend the first of the annual picnics of the N. E. Michigan Band Association for the season held at Rogers City. Nothing was left undone to make it a gala occasion; flags and pennants bid all welcome. Each band member was presented with a white carnation and each director with a red one. One of the novel features was a clown band seated on a truck and they sure furnished a lot of fun. During the hour the crowd was entertained by individual band concerts, and at this time Grayling band was highly complimented on their special number.

Miss Evelyn Van Sickle, daughter of Mr. and Mrs. Elmer Van Sickle of Houghton Lake, and Thorvald Sorenson, oldest son of Mr. and Mrs. George Sorenson, were united in marriage at the home of the bride's parents at Houghton Lake, last Thursday evening. Rev. H. J. Salmon, of the Michaelson Memorial Church officiated and the bride was attended by her sister, Miss Vera, and Jerome Kessler, brother-in-law of the groom, officiated as best man.

Grayling baseball club had a whole lot of hard luck last Sunday when they were shut out by Petoskey score 7 to 0. Petoskey ran up their seven scores in the first half of the game on oodles of costly errors. Winterlee on the mound for Grayling pitched good ball, but had very poor support. Just about everybody kicked the

ball. In the fifth inning "Babe" Laurant went into the box and took on his old form and the team settled down and the rest of the game went like clockwork.

George Collins and daughter Miss Lucille of Petoskey spent the weekend here visiting relatives.

Mr. and Mrs. T. P. Peterson and daughters, Mr. and Mrs. R. R. Burns and Miss Ingeborg Hanson spent Sunday on the Ausable. Misses Ella and Margrethe Hanson left Wednesday for Detroit where on June 28th they will be bridesmaids at the wedding party of Miss Donna Burden and Ernest R. May, Jr.

Mrs. Alfred Hanson, Miss Fern Armstrong and Miss Ona Lozon spent Wednesday in Bay City. They were accompanied there by Miss Patricia McKenna, who will visit Mr. and Mrs. Walter Bosworth for a couple of weeks.

Miss Madonna Carrievan, who has been making her home with her grandparents, Mr. and Mrs. John Charlefour, while attending Grayling High School, returned to her home in Jackson, accompanying her parents, of whom her mother had been visiting. The Charlefours for the past few weeks.

Misses Elaine McDonald and Lois Parker, Kenneth Gothro and Leiland Marshall attended the Epworth League Institute at East Tawas this week. They were accompanied there Sunday by Howard Granger and Herb Gothro. Rev. H. J. Salmon will return from there with them today. Tomorrow evening, Friday, at 7 o'clock Miss Grace Duquette of Flint will be united in marriage to Stanley Matson, son of Mr. and Mrs. Elmer Matson of this city at the Court Street M. E. Church at Flint.

The 10th district meeting of the American Legion and Auxiliary at West Branch Monday evening was attended by Mr. and Mrs. Alfred Hanson, Mr. and Mrs. Sam Rasmussen, Mr. and Mrs. Otto Failing, Mrs. J. L. Martin, Mrs. James Knibbs, Mr. and Mrs. Neal Mathews, Jack McMillan, Wilfred Laurant, Mrs. Earl Hewitt, Clarence Johnson, Mrs. John Erkes and Mrs. Harry Sorenson. Michigan National Guard's annual summer training camp period is reported to open July 15th and to continue to August 23rd. The first regiments are due to arrive at Hanson State Military reservation, Lake Margrethe, on the morning of July 15th. It will be noted that the duration of the camp period is extended to five weeks instead of the usual three weeks.

On Sunday, July 2nd, the Grayling Evangelical Lutheran church will observe its fortieth anniversary. Preparations are being made to celebrate the event and two former pastors, Rev. Peter Kjolhede of Grant and Rev. Axel Kildegaard, together with many former members of the congregation, who live out of town, are expected to be present.

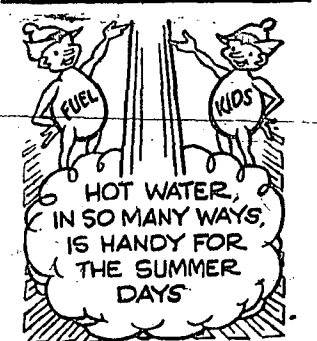

Miss Betty Welsh arrived home Friday after having completed her freshman year at Alma College.

Beaver Creek played the Roscommon Wild Cats Sunday afternoon at Roscommon; the boys from the Creek won by a score of 14 to 12.

Miss Mildred Corwin who teaches in Lansing arrived home on Saturday to spend the summer with her parents, Mr. and Mrs. Nelson Corwin.

Mrs. Herbert Walt, who has been visiting in West Branch, arrived Friday accompanied by her sister, Mrs. S. B. Sargent, who returned to West Sunday.

Miss Helen Woodburn, daughter of Mr. and Mrs. William Woodburn of Maple Forest, was graduated from Central State Teachers College with a five-year certificate last Monday. Miss Helen is also a graduate of Grayling High School of the class of '31. Her parents after being in attendance at the graduation of their daughter, Miss Grace, valedictorian of this year's class, went to attend the exercises there.

Mercy Hospital has made an improvement by screening in the porch on the south side of the building.

Clarence Johnson received word Monday that he had been appointed as a beer inspector and so left Tuesday for Lansing to learn what his duties will be.

Herluf and Carl Sorenson and their families enjoyed a visit from last Thursday to Tuesday of this week, from Mrs. Alfred Sorenson and children Hans and Erling of Seattle, Wash. Mrs. Sorenson and children had been visiting her parents in Iowa and came to Michigan for a few days, attending the graduation of her niece, Miss Lois and Elma Mac Sorenson. Returning home they expected to stop in Chicago to take in the Century of Progress.

June 23, 1910

Miss Blanche Ivey is on the way home from Seattle, Wash., and will spend the summer in Grayling.

P. Schumann, of Grand Rapids, who represents the Inland

Type Foundry of Chicago, was a welcome guest at the editorial home over Sunday, and following his visit will come a new series of advertising and job type for the Avalanche.

James Sewell, one of the pioneers of Center Plains township of this county, now residing in Cleveland, Ohio, is visiting here with his sisters, Mesdames Peck, Bates and Schriver.

Our citizens are to be congratulated on the fact that the success of our school has placed it on the approved list of the U. of M. A. C. Albion College, Albion College and the State Normal.

George Alexander was down the river the first of the week with R. H. L'Hommiedieu, General manager and fell 18 feet from a lumber pile Thursday morning, breaking his right leg just above the ankle.

Rarely has such recognition been accorded one of our teachers as that given to Miss Jones, one

Russell, at Danebod Hall on Wednesday evening. At last week when over four hundred of Grayling's citizens met to express their appreciation of her long term of service in our public schools.

Miss Russell recently resigned her position as superintendent of

the primary department, after the service of thirteen years, during which time her sterling qualities of character, her quiet way of doing good deeds, and her unquestioned ability as a teacher, have made a deep impression upon the people of our city.

that's hard to beat

This '56 Buick is packed with new features - and priced close to the smaller cars!

WANT SOME QUICK FACTS ON the big news in automobiles today - news that can guide you to a smart move and a real smart buy?

Then listen - it won't take long.

The 1956 Buick has so many new developments - in styling - in power - in performance - in ride and handling - that it is, literally, the best Buick yet. That's Fact No. 1.

And Fact No. 2 proves it: Buick today is more strongly entrenched than ever in the top three of the nation's best sellers - outselling all other cars in America except two of the well-known smaller cars.

One big reason for this success is the strapping new Buick SPECIAL - like the one pictured here.

It's priced right close to those smaller cars - but, like every '56 Buick, it's a whole lot more new car for the money.

It cradles a big, new 322-cubic-inch V-8 engine - that's record-high in power and compression, and crammed with engineering news even the costly cars can't claim.

It makes the most of every bit of power with a new version of Variable Pitch Dynaflo\* that's the most efficient yet. With a new development the engineers call "double regeneration," Dynaflo gives you great new acceleration from the first thrifty inch of pedal pressure. Even before you switch the pitch.

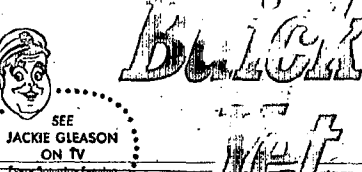

And this '56 Buick cushions you in the softest ride ever. Shows an uncanny sense of direction on every curve and turn. Puts a whole new

feeling of safety, security and solidity into every mile you drive.

So before you buy any car - catch up on the latest news. Come try a '56 Buick. When you see how much new automobile you'll ever settle for less.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century - optional at modest extra cost on the Special.

AIRCONDITIONING at a COOL NEW LOW PRICE. It cools, filters, dehumidifies. Get 4-Season Comfort in your new Buick with genuine PRIMAIDE CONDITIONING.

**Twin Bridges**

**By Lucille Buehler**  
Last Friday Beverly Spaulding took a trip of "Girl Scouts" for a hike past our cabin and up over the hills which are at their best at present. Result—eight or ten very tired and thirsty, but happy little girls. We saw them returning and provided a pall of cold water fresh from the well which was greatly appreciated.

The Herricks and Buehler's enjoyed a lively game of cards and light refreshments at the Buehler's cabin Thursday evening.

**Mr. and Mrs. A. J. Tossey** of Mansfield, Ohio are spending their vacation at the Frank Schmidt resort on K. P. Lake.

**Mr. and Mrs. Harley Jones** and Mr. and Mrs. Melvin Williams of Howell, Mich., brought their trailer to Lovells, Sunday. They plan to spend all their weekends and vacations here. We extend a hearty welcome.

**Mr. and Mrs. William Poorman** and Mr. and Mrs. Clarence Howe of Saginaw spent the weekend in the Levean cabin at the Twin Bridges.

The Joseph Plummerts of Pinkney, Mich., spent the weekend working on their new home on the Twin Bridge Road.

**Mr. and Mrs. George Olney** and Mrs. Susan Snook arrived at their lodge Friday afternoon and remained until Sunday evening.

**Bill Hayworth** returned to his present resort again this weekend, fished a bit, mowed his lawn and left again.

**Mr. and Mrs. Jack Shin** and

**family of Howell, Mich.**, spent the weekend at their home in Lovells.

**Mr. and Mrs. Arthur Wilder** of Jackson, Mich., arrived at their lodge on the Ausable where they will remain for the summer. We are happy to have them back with us again.

There are baby robins in the nests now, and wild roses blooming by the road side.

What is this about the Herrick's staging a wild bear hunt one night recently? The bear turned out to be a large inflated canvas bag floating down the river past their home at Twin Bridges.

**Mr. and Mrs. James Hoy** and family of Sanford, Mich., are spending a few days with Mrs. Hoy's parents, Mr. and Mrs. B. J. Mandt of Lovells.

**Father's Day** was well celebrated in the McCann cabin at Twin Bridges when three generations of McCann's gathered there for the weekend. "Grandpa" received many fine gifts from the members of his family and "Grandma" cooked and served a delicious dinner. The day was one long to be remembered by the McCann family.

**Mr. and Mrs. Howard McCann, Sr.** of Detroit and Mr. and Mrs. Howard McCann, Jr., and sons David and Kenneth of Kalamazoo.

The Selingers of Detroit are spending a few days at their lodge on the Ausable river.

It seems some of the dogs around Twin Bridges are not as good friends as their owners. After a few vile remarks and name calling in best canine language the Olney's setter "Lem" and the Buehler's cocker spaniel, "Peetie" went to the mat recently.

Score — three rounds no knockouts, one badly up-set Setter (who had to resort to a sedative to quiet his pervers). One cocker with badly lacerated ear minus a few curls and still looking for more trouble.

## Bear Lake News

By M. D., the Evening Reporter

Another week end has gone, a few birthdays too such as Dick Hartney's and Ralph Johnson's. Even Dick's car had to celebrate. More very sad news. Everyone knows Jim Frazier and we just received word yesterday that he is very ill in the Blodgett Hospital in Grand Rapids. No one yet seems to know what is wrong but we are all hoping it is not too serious.

Mr. Al Short from Archbold, Ohio is up. He has a cabin on Portage Creek and a flying squirrel nest in his front yard.

The Fosters spent the first week end in their own cabin and thank you Lucille for the nice roses.

Mr. Joe Kernosky and Mr. John Nash both of Lansing are spending two weeks here visiting Mrs. Marie Kernosky.

Mrs. Ann Cleacher and daughter and husband Mr. and Mrs. Casper Lozen have arrived at their summer home here, Mrs. Cleacher to spend the summer and Mr. Lozen returned Monday to their home in Mt. Clemens.

Mr. Hugo A. Nelson of Indian River was a caller at the Avalanche Friday morning. Mr. Nelson is a candidate for State Senator in the 29th Senatorial District.

Major and Mrs. Clyde R. Borchers and son Carl Wilhelm arrived here last Saturday from Montgomery, Alabama to spend a month visiting their parents Mr. and Mrs. Carl Johnson at Lake Margrethe and Mrs. Minnie Borchers and other relatives. Carl Wilhelm will stay and spend the summer with his grandparents, planning to return home in time for school.

Mr. and Mrs. Oscar Smith left Saturday for the upper peninsula where they will spend a week vacationing in various parts of the state.

Mrs. C. R. Keyport has moved to her summer home at Lake Margrethe.

Miss Lauri Anne Olson left June 8th for New York City where she will spend some time visiting her aunt, Mrs. Wynn Challenger, and her grandmother Mrs. Duncan Baird. Lauri is also going to spend some time visiting with her cousin Mrs. Walter Gass in Manchester, Vermont.

Guests of Mr. and Mrs. Olie Williamson last week were her sister and husband, Mr. and Mrs. Ross of Indianapolis, Ind.

Mrs. Stephan Jorgenson was hostess to six friends of her son Bobby to help celebrate his 13th birthday. The group enjoyed a picnic and hike at the Hartwick Pines, and then proceeded to the Jorgenson home for ice cream and cake, after which they drove to Lake Margrethe to conclude the party swimming. Bobby received many nice gifts and a good time was had by all.

Mr. and Mrs. Lee Hock have moved from the Beaver Creek Camp to Templeton, Michigan.

Seven little boys and girls were on hand to help Julie Ann Golinick, daughter of Mr. and Mrs. Harold Golinick, celebrate her second birthday last Saturday afternoon. Ice cream and cake were served. Julie received many lovely gifts.

### Hoover Plan Lag Costly To All Crawford County Families

(Special to the Avalanche)

New York, June 19—Lack of  
vigorous action, economy-wise, on  
the part of Congress and the Ad-  
ministration is costing families in  
Crawford County an estimated  
\$70,200 a year in needless taxes.

The figure is based on the local  
level of income, on previous tax  
payments and on a report pre-  
pared by the U. S. Chamber of  
Commerce to show the financial  
savings that would result from  
application of the Hoover Com-  
mission proposals.

A growing feeling is apparent  
in the average citizen that the  
Government is doing nothing to  
being deprived of something. He  
has heard and read of the work  
of the Hoover Commission, which  
labored objectively for two years  
to determine what improvements,  
if any, could be made in the func-  
tioning of Federal bureaus and  
activities.

The commission, he knows,  
studied every phase of Govern-  
ment and came up with many dis-  
coveries of strange and costly  
wastefulness. It culminated its  
work with 314 recommendations to  
Congress. If put into effect, ac-  
cording to the experts, they would  
have saved the taxpayers over  
five billion dollars a year. Only a  
small fraction of them have been  
acted upon, however.

Who would have benefited  
chiefly from these efficiency mea-  
sures, the people with large in-  
comes or those with modest earn-  
ings? The answer is the latter  
group. More than 75 percent of  
personal income tax revenues  
come from people earning under  
\$6,000 a year.

In Crawford County, it is es-  
timated, the tax savings would have  
come to \$54 per family. All told,  
it would have amounted to \$70,-  
200.

This is real money that would  
have been available to local fam-  
ilies for actual spending. It would  
have generated just as much  
more business for the local stores  
and that much better living for  
each family.

Pressure on Congress and the  
Government is generating from  
below to take action on the Hoover  
Commission proposals now.

### "Flying Canoe" Trip Blasted By Weather

Ten Cessnas belonging to the  
Flint Aeronautical Corp. were to  
leave Bishop Airport at Flint  
Sunday morning bringing pilots  
and students to Grayling for a  
canoe trip down the Ausable.  
Bad flying conditions at Flint  
grounded the trip but many of  
the students drove through to  
take the river trip anyway. Five  
canoe loads left Ray's Canoe Liv-  
ery and took a short trip down to  
Louie's Landing. A longer trip  
had been planned.

This "flying-canoeing" trip, is  
the first of many to take place  
this summer. It is also one way  
of giving the student pilots the  
needed cross-country time for  
their licenses, and give the veter-  
an pilots a whale of a good  
time.

On Tuesday, a group of 35  
canoes left Borchers' Canoe Liv-  
ery for a trip down the Ausable.  
There were 75 men in the canoe  
caravan, all guests of the Dow  
Chemical Company. Representa-  
tives from all over the United  
States were in the crowd.

The men came to Grayling from  
a meeting at Hidden Valley Ski  
Club at Gaylord. At Burton's  
Landing, the 35 canoes halted for  
a picnic lunch prepared and ser-  
ved by Wirt's Lone Pine Inn. Sev-  
eral canoes halted at this point  
while others continued on down  
river for a longer trip.

### Michigan Memorial Church News

Daily Vacation Bible School  
started the second week of the  
term with a staff of 18 teachers  
and assistants and an enrollment  
in the neighborhood of 100. The  
theme for the entire school this  
year is "The Bible". The major  
project of the Kindergarten De-  
partment is a rhythm band. The  
Primary classes are constructing  
dioramas, scrolls, collection plates  
and collecting Scripture verses in  
"Bible Books". The Juniors are  
making puppets and manipulating  
them in Bible stories.

There will be no Achievement  
Program this year. The school  
will end Friday noon with a pic-  
nic for the members and their  
parents at Hartwick Pines. Par-  
ents are asked to meet at the  
church and inspect the children's  
handwork before leaving as a  
group for the Pines.

Every family is expected to  
bring table service and a dish to  
pass. More specific announce-  
ments will be sent home with the  
children's books in the week.
